

For Foreign Nationals About the My Number System

【Individual Number (My Number)】

The Individual Number (My Number) is used in these three areas; social insurance, tax, and disaster countermeasures within Japan. You will be provided a 12 digit My Number when you create a resident certificate for the first time after your arrival in Japan.

Please be aware of the following points.

1 Do not give your My Number to others without good reason.

Each individual has their own My Number, and generally you will be using the same number for the rest of your life. Even if you leave Japan once and return again, you will use the same number when you make a resident certificate. The number cannot be changed freely.

Except for in cases that are provisioned by law (*), it is prohibited to give your My Number to others, or to write down the My Number of others. In case you were asked to give your My Number, be sure to check the person and their purpose of use, and be careful not to allow others to abuse your My Number.

*Examples of cases provisioned by law are ① any procedures on taxes at the work place, ② procedures in government offices (city hall, tax office), ③ any procedure for international remittance at the bank. (As of March 2016)

2 The notification for My Number will be sent to your address by mail (registered mail). Also, it will take several weeks to reach your address.

After approximately 2-3 week after you created a resident certificate for the first time in Japan, you will receive an envelope, like the illustration below, at your address.

<Envelope that will be sent>

It will be delivered by mail (registered mail), so if you are not at home at the time of the delivery, the delivery personnel will leave an 'absent delivery notice for registered mail' in your mail box. Once you find the 'absent delivery notice for registered mail', please contact the post office to have your notification redelivered to your home or go directly to the post office to claim it. If you find that it is taking a long time for your notification to be delivered and you have not received it, please contact the municipal office where you applied for your resident certificate.

3 Enclosed in the envelope are the 'Notification Card for My Number (Notification Card)' and the 'Application Form for the Individual Number Card.'

★Important

The 'Application Form for the Individual Number Card' may not be used if there are changes in the printed 'address', 'name', 'expiration date of the period of stay', or if the 'expiration date of the period of stay' has been exceeded. If the 'expiration date of the period of stay' is close (approximately 1 month away), do not use the application form, and instead, after renewing your period of stay at the Immigration Office, please obtain a new form at a municipal office to apply for an Individual Number Card.

4 There are two types of cards with the My Number.

One is the 'Notification Card' which is sent to you (by mail etc.) after you make a resident certificate for the first time. The other is the 'Individual Number Card (My Number Card)' which you can apply for if desired (free of charge to issue for the first time), and will be issued in exchange of the Notification Card listed above (after approximately one month from your application).

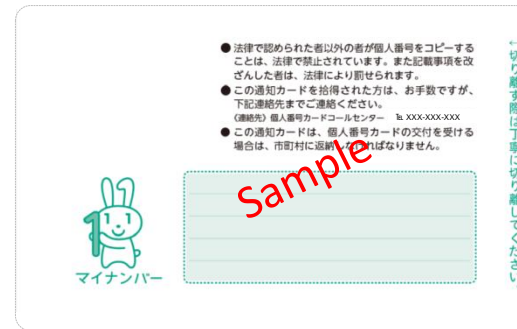

★Important→ if there are any changes in the 'address' or 'name' indicated on the Residence Card(*) on either of the cards, you must go to the municipal office within 14 days to have the new information written on the card. Also, you are not obliged to carry the card.
